

VISIT THE WORLD TRAVEL ADVENTURES

ISRAEL'S MAGICAL ADVENTURE

The Middle East, a cradle of civilization, has always been a romantic and mysterious setting for the adventure traveler. The Israel Outdoor Adventure Trip is about experiencing this region in body, mind and spirit--

We don't see Israel from a bus, we take in the pulse of the region by experiences... hiking amazing landscapes from lush mountains to desert, indulging in authentic food from dozens of ethnic backgrounds; discovering the arts and crafts of the communities, and climbing or walking through historical sites, and even partaking in a service project that will put you in closer touch with the people and how they live their daily lives. And all this with the camaraderie of old and new friends.

If you're a first time Israel visitor... this is the way to see it. You'll see all the Must-Sees, plus so much more. If you've been to Israel before, we can guarantee you've never experienced an itinerary like this. We spend 3 days up north at the Sea of Galilee and in the mystical town of Tsfat, 2 days exploring the ancient and modern city of Jerusalem, 2 in the middle of the country in the famous Negev desert and 2 days south from Masada and the Dead Sea, followed by an optional extension of relaxation in the resort town of Eilat.

Day by Day Itinerary

DAY 1: THE COASTAL PLAIN –

We come together as a group in the Tel Aviv region/or airport. From Tel Aviv we start our trek northwards along the coast to Caesarea, an ancient Roman amphitheater breathtakingly located on the Mediterranean beach. From Caesarea, we continue northwards to Zichron Yaccov, a picturesque village in the Carmel Mountains where we will enjoy a walking tour, a group lunch and a winery tour & tasting at the Carmel winery. We then make our way to our first exciting hike to Mt. Arbel, a mountain in the Lower Galilee near Tiberias that has split into two after an earthquake. We climb from the top to the bottom, enjoying the breath taking view of the Sea of Galilee below. After our exhilarating hike, we have some time to relax a bit at the hotel before we make our way to a lovely fish restaurant on the shores of the Sea of Galilee. Overnight: Ein Gev Guest House (on the shores of the Sea of Galilee) B, D

DAY 2: Rappelling and Galilee-

The morning begins with a hike up water-filled Nahal Zavitan where we will be rappelling at a world-class rappelling point in the Yehudia Canyon. Lunch boxes will be provided for the 6-hour trek through the beautiful Black Canyon. We'll take in other sites of the Golan Heights and explain the territory before we head to the Druze community for a traditional Druze dinner. Set in the picturesque Carmel Mountains, participants have the unique opportunity to meet with members of the local Druze community, one of Israel's most fascinating minority populations. We will learn about the Druze way of life and hear a unique perspective on what it means to live as a minority in Israel. Overnight at Ein Gev Guest House. Meals included: Breakfast, Lunch, Dinner

Day 3: Tsfat and Service Project

We start the morning off early in the mystical city of Tsfat for a walking tour and visit to the local artist colony. Located in the green hills overlooking the Sea of Galilee, Tsfat has long been a center of Jewish mysticism and intrigue. This ancient city is full of stone alleys, rich history, and colorful legends. In more recent times, a unique artist colony has found a home in Tsfat. A fascinating stroll... afterwards we will partake in a Service Project. Details will be determined closer to the date, but could include working alongside or under the direction of soldiers and perform duties such as packing food rations or medical kits, changing spare parts, gardening, painting, or cleaning. Or working with an Ethiopian absorption center. In the evening we meet with some of the original families who started the kibbutz in 1948. Meals included breakfast and dinner.

** We are also trying to arrange a session of learning Israeli Self Defense (Krav Maga) with soldiers at an army base.

DAY 4: Sea of Galilee -

We start out with a hike along Nahal HaKibbutzin in the mountains of Gilboa. The hike crosses the Gilboa woods and nature reserve of the Gilboa. Mount Hermon 2,500 meters above sea level on the frontier of Syria, Lebanon and Israel is seen. (optional bike ride). Along the way we will stop at the small orchards, plantations and kibbutzim around the Sea of Galilee as we begin our transfer southward to Jerusalem. We arrive in Jerusalem for a welcome ceremony at the Haas promenade (overlooking the Old City) followed by check-in at the Harmony Hotel Jerusalem. Before we head out to explore the city at night, we will have some time to freshen up and have the opportunity to donate blood for the Magen David Adom Blood Bank. Since Magen David Adom has the only blood bank for the entire country, it is important for people to donate while they are visiting. As their slogan goes, THE BEST GIFT TO BRING BACK FROM ISRAEL IS THE ONE YOU'LL LEAVE BEHIND. We'll celebrate life and saving lives and hit the town. Meals included breakfast and dinner.

DAY 5: JERUSALEM -

We then step backwards in time as we enter the Old City via the Zion Gate. In the Jewish Quarter, we will begin to make our way through alleys, rooftops, and courtyards, the ancient history and modern revival of Jerusalem will come alive before our eyes. The Old City tour culminates with a visit to the Western Wall

and going back to the original "Old City" that dates back to the time of King David well before the Common Era. To access the original "City of David" you need to go underground a bit...including a walk through King Hezekiah's water tunnel. The tunnel was built in order to move water from a natural spring source to a place where it could be used by the people. Today, we can walk through the pitch dark tunnel filled with knee deep (and sometimes waist deep) water. Think of it as Jerusalem's version of a water park. You can pick up lunch in the Jewish quarter.

You'll have some afternoon free time to either stay in the Old City or go to the Modern Jerusalem and visit to Israel's stunning Supreme Court building and then to the Israel Museum's newly remodeled Dead Sea Scrolls wing, and possibly the Knesset..

We'll have dinner at Between the Arches or similar restaurant (breakfast and dinner)

DAY 6: MODERN JERUSALEM -

- We begin our day with a visit to the Yad VaShem Holocaust memorial followed by a visit to nearby Har Hertzl, the cemetery that commemorates Israel founders, leaders, and military heroes. Then we will do some tree planting in the Jerusalem Bird Observatory. We have the afternoon to roam the markets. Nothing defines Jerusalem modernity more than the Machane Yehuda "shuk" or marketplace. Everything edible is for sale at Machane Yehuda, including super fresh produce and plenty of local delicacies.

- Dinner at Ruth House; - Overnight: Harmony Hotel. Breakfast and dinner included

DAY 7: NEGEV -

- We rise early for a sunrise ascent up Masada's Roman Snake Path trail. After recounting the moving story of Masada from the summit, we make our way down the Snake Path route and head for a "float" on the Dead Sea, the lowest place on earth. Before traveling deep into the Negev, we will hike around the chalky slopes of Mt Sodom. We'll partake in desert orienteering exercise and camp out dinner where we will spend a night under crystal clear stars in the Tzin Valley. Breakfast, lunch., dinner

DAY 8 THE DESERT EXPERIENCE -

We wake up to our remote campsite and begin our amazing full day desert hike experience. We travel through the desert as our ancestors traveled for 40 years, all we can see is the beautiful landscape, hidden oasis' and abundant animal life. .We cap the day off by pampering at the Neve Midbar Hotsprings with four thermal mineral water pools,(40-46 Celsius) including one outdoor pool and a children's pool. The waters originate in natural underground pools and are said to be over 10,000 years old. **Massage treatments available by prior arrangement.** Overnight at Ramon Inn Spa

DAY 9: Eilat and TIMNA PARK -

We rise early, eat breakfast, continue will begin the transfer towards Eilat via the lower Arava valley. We finally arrive at Eilat, a tropical beach resort on the Red Sea. Overnight: Holiday Inn Patio

If you do not live near a passport agency, you can use an overnight delivery service and your local passport acceptance facility. An additional \$35 is charged for expedited service per application. Further information and your local passport processing facility can be found on the website of the U.S. Department of State:
<http://www.state.gov/index.cfm>

If you are traveling on a passport from another country (e.g. Russia, Ukraine, etc.) you may need to obtain a visa to enter Israel (see [Israel Visa Requirement List](#)). If you will be traveling to Israel on a US Travel Document, you will definitely need a visa.

Immunizations

- No special vaccinations are required in necessary in Israel. However we recommend that you come to Israel with an up to date Tetanus shot.
- Check with your health care provider, and/or visit a travel immunization clinic.
- If possible, get a prescription for a broad-spectrum antibiotic.

Weather and Preparation:

Average Temperatures

The Israeli climate is temperate, and temperatures all year round are reasonable. Israel has two main seasons: Winter from November to March, is cold and rainy in most parts of the country; Summer from April to October is hot and dry with little or no rainfall. The desert areas can be extremely hot in summer time. The best time to visit is March-June or October-November, although climate shouldn't be a major consideration in choosing a time to visit.

SPRING/FALL (late Mar/Apr/May & late Sep/Oct/Nov): Daytime temperatures will be very pleasant: 60°-80°-ish in most of the country (still hot, though, at the Red and Dead Seas). Jerusalem could be will be in the, 50°s in the evening.

Currency:

How to bring it...

The best money solution in Israel is to bring a credit card and/or ATM card. In terms of credit cards, Visa and Mastercard are accepted everywhere in Israel. It's a good idea to call your credit card company before you leave to let them know that you are travelling to Israel (otherwise they may think it's fraud and suspend your account). In terms of ATM cards, most will work in Israel, but you should definitely call your bank ahead of time just to make sure the card will work in Israel (note: Any ATM card with a Visa or Mastercard logo will work for sure).

Accommodations

Our accommodations are simple and convenient. We are staying at kibbutz guest houses and simple hotels, where you will feel quite at home and comfortable as well as getting a sense of what the people of Israel are like.

Electricity

If you plan to bring small electrical appliances to Israel, keep in mind that Israel uses a 220 volt electrical current and the outlet types are different as well (two circular prongs). In order to avoid "frying" any electrical items, bring a voltage converter (note: this is already built into most laptop computers). You will also need a simple adapter to plug your items into the wall.

Staying In Touch

To call Israel from the states you would dial 011-972 and then the city code

CALLING CARDS

You can purchase a calling card when you land in Israel at the airport, or you can order one before the trip through our partner "Net2Phone". If you do plan on calling home, we recommend ordering a calling card ahead of your trip as we have found the rates to be much more competitive. Family and friends who wish to call you in Israel may also want to purchase a calling card through "Net2Phone". The rates for calling card calls are as follows: <http://www.israeloutdoors.com/callingcard/>

- > Calls from Israel to the USA (land line & cell phone): .14 cents/min
- > Calls from the USA to Israel (land line): 9.9 cents/min
- > Calls from the USA to Israel (cell phone): 15.9 cents/min

CELL PHONE RENTALS

Renting a cell phone is the easiest way to keep in touch with your friends and family while you are in Israel. We have negotiated a discount with a local Israeli cell phone provider

named "Israel Phones". It's cheap and easy.

Incoming calls are completely FREE, and there are NO daily usage fees if you order in advance. It does cost money to make outgoing calls (see below). The phones can be rented for the duration of the 10-day trip and can be extended for as long as you stay in Israel. Also, once you rent the phone, you will receive the phone number before you depart, and the actual phone and charger will be personally delivered to you immediately after you land in Israel. It's very convenient.

- Rental fee: FREE
- All incoming calls: FREE
- Calls to USA or Canada: 39 cents/min
- Calls within Israel: 19 cents/min
- Refundable deposit (penalty for lost / stolen phones): \$100
- If you are extending your stay in Israel after the group trip ends, you can keep your phone, but a \$1/day rental fee will apply

All rates already include tax!

To order a cell phone rental through "Israel Phones", please sign-up through the following registration site: <http://www.israelphones.com/io.htm> (note: you need to know the "TL code" for the trip).

SPECIAL NOTE: Order online more than 5 days in advance of your departure to receive a phone with NO daily rental fees for the scheduled group trip! If you forget to order in advance, there will be a limited number of phones available in Israel that you will be able to rent on the spot, however, a \$1/day rental fee will apply, and we can not guarantee that there will be enough phones to go around. The point is that you should rent your phone in advance at: <http://www.israelphones.com/io.htm>

FOOD AND WATER

Israeli tap water is perfectly safe to drink, and Israel's fresh fruits and vegetables are world-class. They are outstanding and you'll be spoiled when you return to the states. Bottled water is available everywhere too. If you prefer bottled water, it is widely available and is quite inexpensive. We recommend buying a bottle of water when you arrive and refilling it with tap water for the rest of the program.

....

About THE COUNTRY

Everyone has their own perception of what Israel is about: it's a travel-agency package of beaches and sun; it's the Promised Land of the Jews; it's a ticking time bomb. And while it is all of these things, it's much more besides. So be sure to look beyond the larger-than-life figures of the past.

Israel is a bustling, noisy, modern country. It's best not to arrive with preconceptions of spiritual epiphany. If you do, you'll almost certainly have them confirmed, but in doing so you run the risk of missing the best this fascinating place has to offer.

Language

The language of the country is Hebrew, but most people do know some English.

Remember, if you're visiting another place, whether at home or abroad, you're visiting someone else's home. That's the fact. And the more you remember that, the easier it'll be for you to make friends and contacts. So learn some expressions in the local language. You don't need to be fluent. But there's no doubt that your trip will be far more exciting, and people you meet will be far more interested in you, if you speak some of their language.

For tips on learning language for travel, check out [Peace Through Travel's LingoLinks](#) and [5 Sure-Fire Tips for Learning a Foreign Language](#).

SAFETY

We work with the outfitter that is hired by the school system to take school groups out on field trips. Each group's itinerary is approved two weeks before the trip and re-approved each morning of the trip by a special "Situation Room" that is operated by the Israeli Defense Forces on behalf of birthright Israel. Our overnights will always

be outside of the major cities, either in small towns, agricultural communities, or in the wilderness.

The program itinerary does not include visits or travel anywhere near or inside of the within the West Bank and Gaza Strip.

While the program does make visits to Jerusalem and Tel Aviv, our travel within the major cities is generally confined to closed areas with special protection (e.g. the Western Wall, Yad VaShem, etc.). We never travel in crowded public areas, and we always travel on our own private busses.

Because we provide primarily an "outdoors" experience, we will spend most of our touring time in the kinds of regions in Israel where security concerns are very, very limited.

Finally, it is important to remember that over the past four years, more than 60,000 people have visited Israel without a single security-related incident. Behind this statistic is a truly iron clad commitment. In fact, for better or worse, most of our participants complete the 10-day program without being able to detect any evidence of tension in the region.

How do I join this trip?

Please mail or fax the registration material at the end of this packet to 877.264.7694 to reserve a space. We need the following:

- Participant contract/profile
- Payment (generally in full, though installments can be worked out)
- Signed waiver form
- 2 clear copies of your passport

Special Requests:

If you have any special dietary needs or any special requests, let us know.

How to pack

You're going to be in Israel for a relatively short period, and since we are changing accommodations on a fairly regular basis, you'd probably like to come back from Israel with more than memories of lugging around a heavy duffel bag or suitcase. In other words, please try to keep it light. We recommend that you bring no more than one main piece of luggage (new regulations may only allow one free bag, check with your airline carrier) as well as a small carry-on bag for the flight and for day trips. A change of clothes and some essentials in your hand luggage are a good idea in case your main luggage gets delayed for a day or two. Don't forget that all valuables and important papers should stay in your hand luggage or in your pockets.

- A standard airline-regulated carry-on suitcase and a medium size backpack. We suggest a large duffel-type bag or other soft-sided type of luggage and a smaller daypack. On overnight stays we will transport your luggage from point to point via jeep or car, however, please keep in mind that it will be your responsibility to carry your own luggage. For our day trips, a daypack will be necessary to carry cameras, film, sunscreen, swimsuit, etc.
- Wheels are nice for the airport, but some of our locations are not going to have paved sidewalks.
- Less is better, since we will be moving around and you might want to save space for gifts. We are a very casual group
